Every day more and more sea animals are dying due to plastic. Many animals think it's food and eat it or if it's a bag it would trap it inside. We need to save our world!

# Is it too late

**Is it too late to save our world?**

Did you know in 2050 there will be more plastic than fish in the sea! **WE CAN DO THIS**

Surely we have the responsibility to care for our planet!

We are being choked to death by the amount of plastic we throw away. It's killing our oceans. It's entering into our bodies in the fish we eat. **THIS!**

# Heroes of plastic

It's lovely that all McDonald's have changed plastic straws to paper! Even though people may not like them but it saves the planet even more! Wouldn't it be amazing if Starbucks, McDonald's, Burger King etc banned hard plastic! ♥

If we try hard we all can be heroes! We can: Reuse bags, wash bottles, Pick up plastic!

**WE CAN DO THIS!**
