Year 5 Learning Hub

Dear Parents/Carers,

In case of school closure or the need for families to self-isolate, we have prepared the following learning for the children to complete.

Yours sincerely

Mrs Lewis and the Year 5 Team

Hamilton Trust Learning Packs

Hamilton Trust are providing free home learning packs for English and maths for Years 1-6 for parents to download and use at home. The packs provide an excellent learning resource, particularly for English as they link with reading and grammar.

<https://www.hamilton-trust.org.uk/blog/learning-home-packs/>

Reading

Continue to read at least 4 times a week.

Week 1

1. Have a go at drawing a map of one of the places in the story. Include as much detail as you can.
2. Write a letter from yourself to a character in your book. Read it to a member of your family.

Week 2

1. Write a letter as a character in your book to a member of your family.
2. Pretend you are a travel agent and want people to visit the place in the story. Create a persuasive poster or advert.

SPaG

Week 1

1. Punctuation – <https://gridclub.com/activities/comma-castle> Work through the four levels.
2. Conjunctions – <https://www.bbc.com/bitesize/articles/zqk37p3> and <https://www.bbc.com/bitesize/articles/z9wvqhvh>.

Watch the clips and create a poster on the different conjunctions, don't forget to include some examples.

Week 2

1. Punctuation – <https://gridclub.com/activities/comma-castle> Work through the four levels.
2. Relative clause – <https://www.bbc.com/bitesize/articles/zsrt4qt> Watch the clip then complete the activity further down the same page.

Please find attached the statutory word-lists for years 3-6. The lists are a mixture of words pupils frequently use in their writing and those which they often misspell. We would like the pupils to learn as many of them as possible. There are a range of methods which you can adopt to make this more fun on the attached spelling activity sheet.

Science

Week 1

Discussion

What examples of friction being helpful can you find in your home?

How about if you look out of your window? What if there was no friction?

Kitchen Science– Lava Lamp You

Will Need:

A clean transparent bottle.

Oil, as an experiment you can try different types of oils and see how this affects your lava lamp.

Water

Alka-Seltzer tablets

Food colouring

1. Fill the bottle about half full of water and add a few drops of food colouring.
2. Fill the rest of the bottle with cooking oil, and allow the components to settle and separate.
3. Break an Alka-Seltzer tablet into quarters, and drop one piece into the bottle.
4. Watch as the bottle swirls and churns like a real lava lamp!

Week 2

Discussion

Think about your day so far. How would it have been different if it had taken place on the International Space Station (ISS)?

Kitchen Science- Walking Water

What you need

Two paper towels

Water

Food colouring- ideally two different colours

Three Cups

1. Fold the two paper towels into two tubes roughly 20cm long.
2. Fill two cups with water and add food dye to each, ideally of different colours. To get the best effect, use undiluted food colouring or at least very strong!
3. Place an empty cup between the two full cups. Place one end of a paper tube into one cup filled with coloured water and the other end into the centre empty cup. Repeat this step with the other cup of coloured water and paper towel, so that the cups and paper towels alternate as follows: cup, towel, cup, towel, cup.

Wait for several hours. If you would like to see the process more clearly set up a time-lapse camera to watch over your experiment!

Music onemotion.com

Please try to create your own drum beat rhythms. Try different combinations of the snare drum and bass drum. Explore which works best. Can you recreate

rhythms from your favourite songs?

[Virtual Drumming.com](https://VirtualDrumming.com)

Go onto drum games and try out the rhythms that you created on the virtual drum kits.

For children learning to play musical instruments.

Increase your knowledge of music theory and start working towards your Grade 1 Theory exam. musictheoryonline.co.uk/resources/grade1

Topic

Year 5 Mini project – VE Day

Research VE day 1945 – Create a fact le

On the 8th May we will be celebrating 75 Years since WW2 ended in Europe

Plan a celebration for your class:

Take your class back to 1945.

Think about:

Decorations

Menu

Games

Activities

Music and songs from that time.

Have fun!

French

Week 1 " les cheveux et les yeux" (30 mins)

- Quick recap on French colours/Listening [Live Worksheets Les couleurs](#)
- Revision eyes and hair colour video (skip to the 3rd minute until the end)> [YouTube](#)
- Reading activity [Languages Online Descriptions 851](#)
- [Languages Online Descriptions 853](#)

Writing activity [Languages Online Descriptions 855](#)

Spanish

Week 1 Animals and Greetings Revisions (30 mins)

- Video revision on greetings [YouTube](#)
- Reading activity: match up greetings expressions [Languages Online](#)
- Reading and Writing activity> link up expressions and pictures then write animals in Spanish

Keeping Active At Home

Over the weeks ahead it will be more important than ever for children to keep t and active. We would like to provide you with some challenges and resources for you to try at home.

- All young people should aim to be physically active for 60 minutes each day.

- Print o these sheets and keep a log or how active you have been.
- We would encourage you to do as many of these activities in your gardens, bene ting from the fresh air, as possible.

Please ensure you have enough room to do these activities and perform them in a safe manner.

Activity at Home Challenges Download

Dorset School Games

From Monday 20th March Dorset School Games will be posting daily physical activity challenges on their **Twitter feed** and **website** for children/families at home. **Work Out with Wicks**

The Body Coach, Joe Wicks, has o ered to become the Nations P.E. teacher and will be hosting live PE/ tness sessions on his **YouTube channel** Monday – Friday 9am.

“ Children need to stay active and positive and these short home sessions will really help.

Joe Wicks – The Body Coach TV

Please share this and let your friends and family know. Workouts will be hosted at youtube.com/thebodycoach1
