

Dear year 2,

You are going to be amazed when you see this school, because it has great and fantastic teachers. We wear cool uniform which is gold and red. US guys have two breaks one at snack time and the other at lunch time. Talking about lunch time, there hot lunches and cold pack lunches

choose from. Hot dinners is where you have to not bring in your own lunch. There are chef cooking the hot lunch with red bands for the main dinner option and green bands for the vegetarian option to wear.

You will enjoy break time as there are so many places to play with your friends. There are amazing lessons, my favourite subject is maths and the other one is music.

We also learn English, science, RE, PSHE, gym and French. There are a few tests on your knowledge but it's ok the teachers will help you!

You guys can do a couple of fun clubs too like tennis, dancing, football and gymnastics. There is also a choir. I almost forget about the two most cool things in this school, the playground and the assemblies as on Fridays someone gets a certificate for great work!

You are going to really like it here as I do, once you get use to being here! I hope you liked this letter.

Best wishes Archie N-B
