

MAGNETS

Poster about magnets
If you want to find out about magnets then this is a perfect poster just for you.

All magnets have a north and a south. The north attracts the south but the south propels the south. Handbags, fridges, and compasses use magnets.

Did You Know
Sailors use magnetic compasses!

Magnets are ancient and were made 2500 years ago by Magnes. Magnets are made out of magnetite, a type of rock.

Did You Know
All magnets face north!
