

# Stay Safe At CTS

## Online

In order to stay safe online you need to be cautious and listen carefully to what your teachers say.

## In and around the building

There are different corridors for different years, year 5 and 6 are on the 2nd floor.

## In the playground

There is a hardcourt at CTS and that is where you run but don't run in the walking area. There is also a tracking area at CTS and that's where you do Match Attacks and Pokemon.
