

CJS time capsule

A **time capsule** is a container that holds present day items, such as photos, newspapers, letters and more. It's typically hidden away for your future self or someone of your choosing to open.

My Lockdown experience - Be creative!

Can you create a letter, newspaper, poem or story to record your experience of lockdown? Take a photo or type up your work on the computer and send it (one side of A4) to your Y4 teacher (via Dojo or email).

We will pick a selection to be buried in a time capsule in the school grounds to be opened by future CJS pupils.

Think about the following:

- Positives – what did you enjoy about Lockdown?
- Negatives – what did you miss or find difficult about being at home?
- Memories – what are your top memories from Lockdown and why?
- Skills/jobs – were you expected to help more around the house or did you have time to learn something new like baking or a magic trick?
- Messages – what would you say to others' that were about to go into lockdown?

Take a look at the examples below.

Your experience is unique and you can record your experience how you choose.

LOCKDOWN

BY KAI

Lockdown's fun
Lockdown's great,
Lockdown is exciting,
But some things I hate.

Not going to clubs,
Not seeing my mates,
Not going swimming,
But that was our fate.

We played at the green,
We played water fights,
My mum always screamed,
But that was alright.

It's been very different,
It's been very funny,
It could have been worse,
but the weather's been so sunny.

Lockdown's fun
Lockdown's great,
Lockdown is exciting,
But some things I hate!

LIVING IN LOCKDOWN

Dear future St Marks child,
 On the 20th March 2020 schools were closed and an^{ti}ruptions of uncertainty spread throughout the school.

My feeling was of excitement!! it meant **NO TESTS!**
 2. Time to relax^{ing} And 3. More time with my family. However, it also meant I would miss my friends and some great events such as the **FIVER SALE**, sports day, the summer fair and maybe even **PGL**!

There was also **A LOT** of time for cooking. I made my sister's birthday cake, cinnamon rolls, chocolate cookies for breakfast, chocolate mug cakes, rhubarb crumble and an abundance of meals.

One of the **most** wonderful nights of lockdown was when we stayed up late watching (Shooting) stars! We made wishes whilst eating **GINORMOUS** marshmallows. We saw at least 50 asteroids shoot over our house!

Obviously there were down sides to lockdown like not being able to see friends, family, teachers and club mates. Luckily, because of technology, we could phone on Zoom or WhatsApp to keep in touch!

Although this has been a difficult time, I feel I've made the most of it.

By Kai Lovdrebex¹¹ / class 5K! * *

L eaving school not knowing when we will return

O pening our books to study at home

C orona virus is taking its toll

K icking our ball in the garden, the parks are out of bounds

D istancing ourselves so we dont spread our germs

O ver the rainbow there is hope for us all, so keep

W ashing our hands and stay safe at home

N HS staff helping the sick and the poorly, get well soon

Lockdown

When lockdown began I felt excited because I was not going into school.

I started appreciating the smaller things like melting marshmallows on a fire pit, they were huge and delicious. It was so hot that I was going in the paddling pool and squirting daddy with the water gun.

It was my birthday during lockdown and Kai (my brother) made me a birthday cake; it was yummy. We played pass the parcel, piñata and monopoly. But best of all; we had a sleep over and film in the lounge with lots of sweeties.

Later in Lockdown we were having trips to the beach early morning, it was quiet with not many people around. Sometimes we went at dinner time too, it was good to get out.

Because I couldn't see my friends up close, I used mummy's phone to talk to them on messenger. It was strange at first but then it got easier. I also did my dance and Brownie classes on zoom. It was different at first but lots of fun..

I enjoyed most of Lockdown as it was lovely spending time with my family but I am glad things are starting to get back to normal!
