## Year 5 Learning Hub

**PACE Assembly: Monday 6th July**

Dear Parents/Carers,

In case of school closure or the need for families to self-isolate, we have prepared the following learning for the children to complete.

Yours sincerely

Mrs Lewis and the Year 5 Team

## Science

### Chapter Five: Sustainable Living

It's time to build the foundations of your city – and human life – on Mars! To construct your city and the society in which you and your fellow explorers will live, you need to consider all aspects of existence.

- What makes a city a good place to live?
- What do you need to build?
- What will you grow?
- And how will your new 'Martians' spend their free time?

Time to start making plans...

Remember to use the APP Zapper and scan wherever you see this sign:

## PSTT Science Fun at Home

Draw and cut out some paper flower shapes. Gently fold each petal into the centre so they overlap, and then float the flower in the bowl of water. Watch what happens! Experiment to find out what happens with different sizes of flower and types of paper or card. Can you time how long different flowers take to open?

Why do you think the paper flowers open when you put them into water? What happens when you use thicker or thinner paper, or with different sized flowers? Does it still work if you use a different liquid like milk or cooking oil?

## Music

Please use your log in to Charanga where you can find your music unit of work for this term. You have a new topic called 'Fresh Prince of Bel Air' to work through this half term. You have the first week in your assignments. There is also a listening unit of pieces for you to enjoy for June and a unit to help you practise your times tables if you wish.
