

26 February 2021

Dear Parents/Carers,

## JOINT REMOTE SCIENCE AFTER SCHOOL CLUB

We have joined with Gurnard Primary School on the Isle of Wight and Christchurch Infant School to provide a 'Joint Remote Science Club'.

Mrs Loizos and Miss Ellis have created videos and guidance for each activity. Each week is a stand-alone activity, so if you miss a week it will not matter.

The remote science club is open to all children and will run for 4 weeks in the first instance.

Each Wednesday commencing on 3<sup>rd</sup> March an email will be sent out containing guidance and an introductory video. Each week's guidance will also contain a reminder of the resources needed for the following week. You can complete the task at any time.

Attached to this letter is a list of all resources required, each session has been purposefully planned to require minimal resources.

The videos will be sent as an attachment with the weekly guidance sheet and will also be available to watch on YouTube by following the link provided.

As part of the final week, all children participating will be set an investigational challenge to complete over the Easter holiday. This will then be celebrated as a joint live event at the beginning of the Summer term.

Week 1 - flowers	Paper Scissors Bowl of water
Week 2 - skittles	Skittles Plate or shallow dish Water
Week 3 – lava lamp	Transparent cup or plastic bottle Any household Oil Water Food colouring Effervescent tablet e.g. vit. C, alka seltzer, berroca (adult supervision required)
