Belonging - Achieving - Growing

Dear Parents / Carers

Firstly, and most importantly, have a wonderful half term holiday. Your children have been amazing this term and are understandably tired! I do hope that the weather holds and you can have a relaxing break together.

It has been a pleasure to have so many of you visit school in recent weeks. Our parent/carers and teacher consultations have been a good chance for you to see the school and hear about the way in which your child has settled. For those who have not yet been able to attend an appointment, we look forward to meeting you after the holiday.

We were also delighted to have so many children and families visit the book fair that was held last week. It is so important that your children not only learn to read with fluency and comprehension, but also for pleasure. Please encourage them to dive into a good book next week! I am currently reading the first 'Alex Rider' novel—a super book for children in Years 5 and 6. It is worth a try if you have a reluctant reader at home.

A MESSAGE FROM THE FOLD—HOW TO PROTECT OUR FAMILIES IN THE AGE OF TECHNOLOGY

The Fold An evening with CyberPsychologist Carolyn Freeman: How to protect our families in the age of Technology

Carolyn Freeman

CyberPsychologist MSc, BSc, NDip

What is our digital technology doing to us and our children?
Are mobile phones really as addictive as the media makes them out to be?
Does social media make you depressed?
Do digital detoxes actually work?
At what age should I give my child a phone?
How much is too much screentime?
How do I know if my child is becoming addicted to games or social media?
Does technology cause ADHD?
How can I protect my children from online bullying, cybercrime and grooming?
Is the Dark Web real and how dangerous is it?

In her talk, CyberPsychologist Carolyn Freeman will be answering these questions and more. She will be addressing some of the moral panic issues around technology use espoused by the mainstream media and leave you with some practical hints and tips that can help you take back control of your technology use to improve your digital mental health and wellbeing.

She will be giving some hints and tips on how you can make little changes that will make a big difference!

We would love you to come along! All school parents use code SCHOOL10 for 10% off. Ticket link below....
