

**Pupils from the school mapped and walked the routes to measure how far you can get in 5 minutes.**

This leaflet shows the five minute walking zone that has been mapped out by our pupils, and an estimated ten minute walking zone.

In order to reduce congestion round the school, we would like people who currently arrive by car to try parking outside of the walking zones and walk the rest of the way to school.

This will improve safety and the environment around the school site for everyone and allow the opportunity for some healthy exercise at the start and end of the school day.

Thank you for supporting our walking zones.

**Quotes from the Eco-team:**

“The further away the cars are from the school, the healthier and happier we’ll be.”

“My little brother's friend’s Mum has a baby and sometimes struggles to push the pushchair past the cars on the pavement.”

“Me and my Mum find it hard to find a safe place to cross because of all the cars.”

“You can see lots of things on the way when walking to school”

“It’s good to get your energy up”

“Being outside makes you feel calmer, less stressed and can take your worries away’

“It makes you feel happier.”

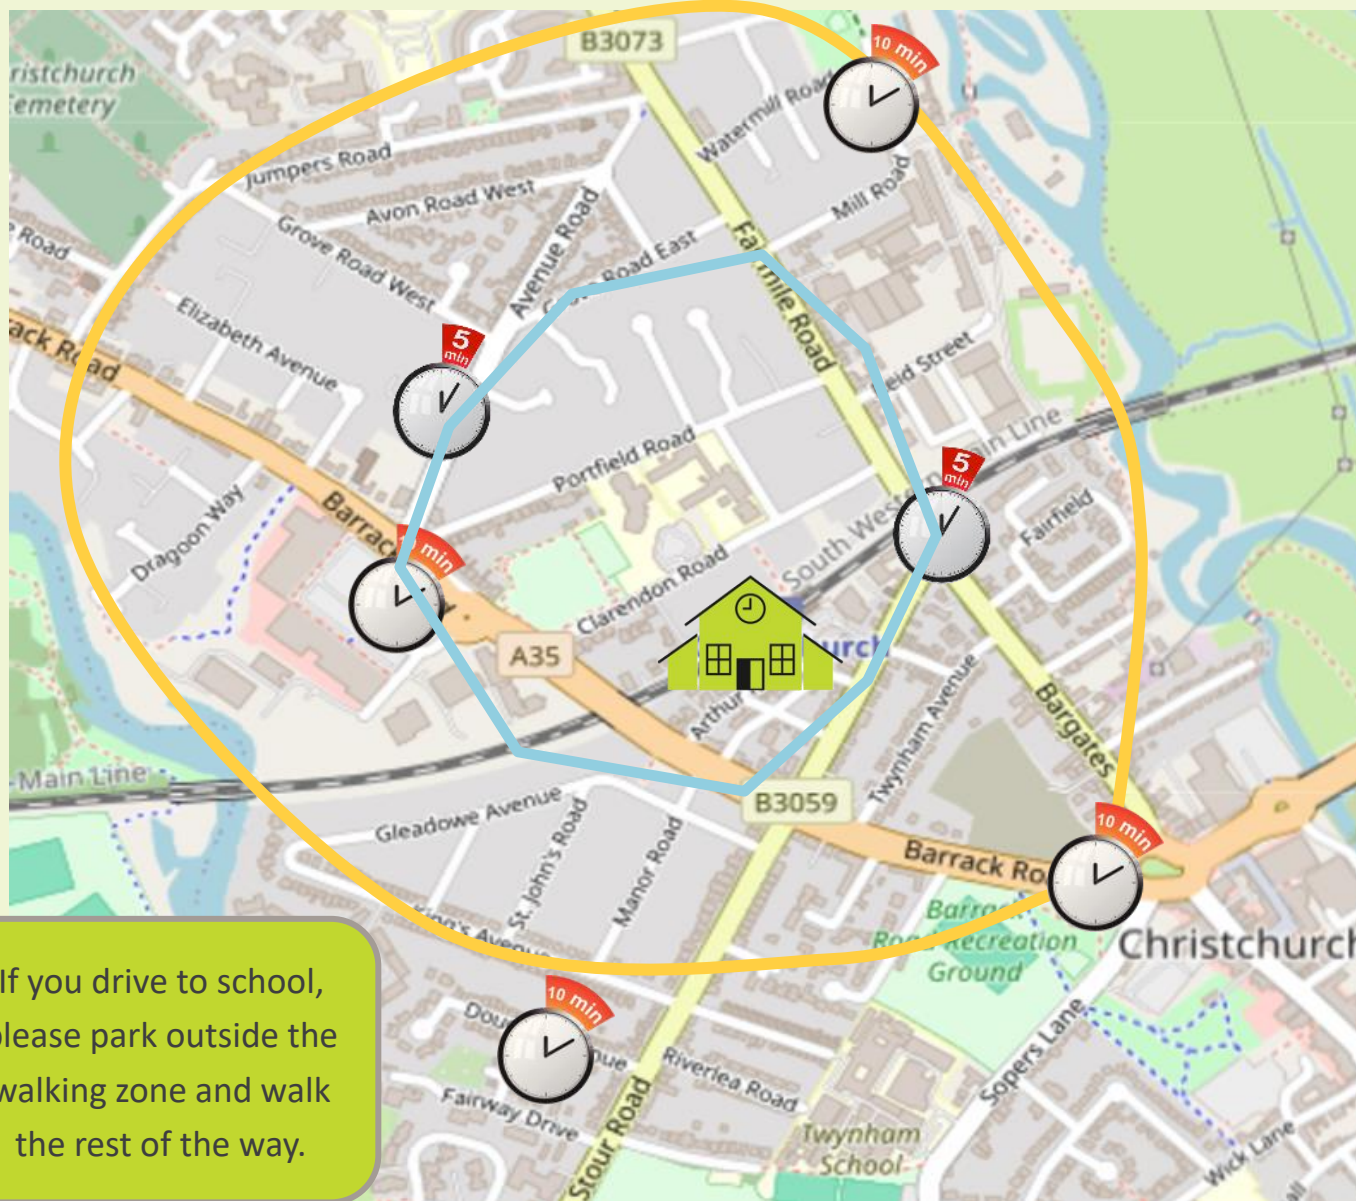

# Christchurch Junior School

## Walking Zones

**Our aim is to reduce traffic congestion around the school, and encourage families to walk at least part of their journey to school.**

# Christchurch Junior school walking zones

**Key**

-  5 minute walk zone measured by Christchurch Junior School
-  Estimated 10 minute walk zone

If you drive to school, please park outside the walking zone and walk the rest of the way.

If everyone works together to do this, there will be fewer cars around the school site, meaning less congestion, less pollution, and a nicer environment for your

**We can all help to make Christchurch Junior School a nicer place**
